

Candidatura di Francesca Garbarini al Consiglio Direttivo della SIPF per il biennio 2023-2025

Care colleghe e cari colleghi,
intendo proporre la mia candidatura come segretaria della SIPF per dare un contributo operativo a questa nostra società, a cui sono molto legata. Negli anni, la frequentazione del nostro convegno annuale mi ha permesso di crescere molto dal punto di vista scientifico, dandomi la possibilità di ricevere sempre spunti stimolanti per ricerche nuove e di stabilire collaborazioni durature e proficue. In passato sono stata membro del Consiglio Direttivo nel ruolo di consigliera (biennio 2018-2021) e nel 2018 ho organizzato il congresso annuale della società a Torino. Nel prossimo futuro vorrei cimentarmi con un impegno maggiore, quello di segretaria, per dare un contributo non solo scientifico ma anche organizzativo alla crescita della nostra società. Spero vogliate supportare la mia candidatura in questo ruolo, sarei onorata di ricevere la vostra fiducia e cercherei di svolgere questo compito al meglio delle mie possibilità.

Un caro saluto,

Francesca

	NAME	POSITION
	Francesca Garbarini, PhD	Associate Professor (M-PSI/02) Psychology Department, University of Turin, Italy

Citizenship: Italian
Birth date: 22/12/1977
Civil status: De facto relationship, three children
Business address: Department of Psychology, Via Verdi 10, 10124 Turin, Italy
Phone: +39 011 6703044
Fax: +39 011 8159039
Email addresses: francesca.garbarini@unito.it
Skype: francesca.garbarini
Virtual room: <https://unito.webex.com/meet/francesca.garbarini>
Researcher identifier: ORCID: 0000-0003-1210-0175
Web of Science: L-9350-2019
Scopus: 6504829019

Highlights

- 2012: PhD in Neuroscience, Department of Psychology, University of Turin, Italy
- 2015: Scientific Independence of Young Researchers 2014 Grant winner with the project "ABO-Cobra"
- 2015: Assistant Professor (M-PSI/02), Psychology Department, University of Turin, Italy
- 2018: Coordinator of the MANIBUS research group, Psychology Department, University of Turin, Italy
- 2019: Associate Professor (M-PSI/02), Psychology Department, University of Turin, Italy
- 2022: Premio SIPP (Italian Society of the Psychophysiology and Cognitive Neuroscience) Early career award
- 2022: ERC starting Grant winner with the project "MyFirstBody"
- > 75 papers in peer-reviewed journals, several book chapters, one book and >70 abstracts at scientific meetings (Citations: 2326/1646; H-index: 28/25; from Scholar/Scopus)
- Several scientific meetings organization, invited lectures and oral presentations at international conferences and research/academic Institutions
- Her research activity in cognitive neuroscience, mainly in the field of motor and body awareness, reached a very large audience through interviews and press communications (e.g. BBC, The Guardian, RAI 3, La Repubblica)

EDUCATION

- 2012 Ph.D. In Neuroscience**
Department of Psychology, University of Turin
- 2003 Master in Science Communication (100/100 cum Laude)**
"Il rasoio di Occam", Turin, Italy
- 2003 Degree in Philosophy (110/110 cum Laude)**
University of Turin, Italy
- 1996 High school degree**
Classical Liceum Massimo D'Azeglio of Turin, Italy

ACADEMIC APPOINTMENTS

- 2020 Italian national scientific habilitation to the role of Full Professor of "General Psychology, Psychobiology and Psychometry" (11/E1)**
- 2019- Associate Professor (M-PSI/02)**
Psychology Department, University of Turin
- 2018- Coordinator of the MANIBUS (Movement and body in behavioral and physiological neuroscience) research group**
Psychology Department, University of Turin
- 2017 Italian national scientific habilitation to the role of Associate Professor of "General Psychology, Psychobiology and Psychometry" (11/E1)**
- 2015- Assistant Professor (M-PSI/02)**
Psychology Department, University of Turin
- 2012-2014 Post Doc position**
Psychology Department, University of Turin
- 2006- Expert in Neuropsychology (M-PSI/02)**
Psychology Department, University of Turin
- 2005-2012 PhD Student (maternity leave: 29/12/2006-29/12/2007; 28/09/2008-28/09/2009)**
Faculty of Psychology, University of Turin

FELLOWSHIPS

- 2014-2016 San Paolo Foundation Grant 2012 to Francesca Garbarini (Post doc position)**
Project entitled "The role of visual imagery in lexical processing: a functional neuroimaging study in healthy subject and in brain damaged patients"; supervisor Dr. Katuscia Sacco, Psychology Department, University of Turin
- 2013-2014 MIUR Grant to Francesca Garbarini (Post Doc position)**
Project entitled "Neural basis of motor and bodily awareness"; supervisor prof. Berti, Psychology Department, University of Turin
- 2003-2005 Piedmont Region Grant to Francesca Garbarini (postgraduate scholarship)**

GRANTS*Research projects grants*

- As principal investigator:**
- 2023- MIUR-PRIN PNRR 2022 as National coordinator**
Project entitled: "Appearance, loss and recovery of tactile awareness: from physiological characterization in infants and adults to rehabilitation of stroke patients" (funding: € 224,941)
Unito Unit project: "Testing the effectiveness of cross-modal peripheral nerve stimulation of S2 to foster tactile awareness"

- 2023- MIUR-PRIN 2022 Grant as Unit coordinator**
Project entitled "Touch to see: neural and functional effects of crossmodal remapping" to Nadia Bolognini as National Coordinator (funding € 227,006)
Unito Unit project: "Visual remapping in s1 during transitory somatosensory deprivation and crossmodal brain stimulation"
- 2022- ERC Starting Grant 2022**
Project entitled: "My first body: bodily-self representation in normal and pathological developmental context" (funding: € 1,325,060)
- 2022-23 San Paolo Foundation (Bando Trapezio - Paving the way to research excellence and talent attraction)**
Project entitled "Heteromodal remapping in primary cortical areas: linking cellular mechanisms, circuits and behavior" (funding: € 25.000)
- 2017-2019 San Paolo Foundation (Excellent Young PI) 2016 Grant**
Project entitled "The body in human and monkey brain" (code number: CSTO165140; funding: € 78.966,23)
- 2015-2018 MIUR-SIR (Scientific Independence of Young Researchers) 2014 Grant**
Project entitled "The Active Body in the Conscious Brain: physiological basis of motor and corporeal awareness" (code number: RBSI146V1D; funding € 462,000)
- As collaborator:
- 2023- Erasmus+ 2023 KA171 - International mobility involving Third Countries not associated to the Programme to Corrado Cali**
Project code "2023-1-IT02-KA171-HED-000131080" (funding € 73,260)
- 2023- "GRANT for INTERNATIONALIZATION - GFI" grant funded by University of Turin to Giuseppe Zeppa**
Project entitled: "NEUROCREAM: Studio psicofisiologico dell'accettabilità delle creme spalmabili a base cacao" (funding: € 15,000)
- 2022- Proof of value (PoV) Instrument grant funded by Compagnia di San Paolo to Gelsomina Spione**
Project entitled: "Lab Moving mUseum (LAMU)" (funding: € 15,000)
- 2021- Multi-department call funded by the University of Turin to acquire small and medium-sized research equipment**
Project entitled: "Interaction and communication with 3D computer graphic and multimedia", in collaboration with Vincenzo Lombardo (funding: € 243,530.04)
- 2021- CRT Foundation grant to Ivan Norscia**
Project entitled: "Behavioral markers of empathy in pre-school children as a tool for the early identification of developmental disorders" (funding: € 30,000).
- 2021- Bial Foundation grant to Carlotta Fossataro**
Project entitled: "How body ownership shapes tactile awareness: inducing phantom sensations and measuring their electrophysiological correlates in immersive virtual reality" (funding € 45,600)
- 2020- Independent Research Council Denmark to Mark Schram Christensen**
Project entitled: "The functional role of perception of movements", in collaboration with Mark Schram Christensen, University of Copenhagen, Denmark (funding: DKK 6,191,343, € 832,630.50)
- 2020 Bando Talenti della Società Civile 2019 to Mattia Galigani**
Project entitled "Electrophysiological biomarkers for the early diagnosis of autism/Biomarker elettrofisiologici per la diagnosi precoce di autismo.
- 2019 Erasmus Placement Grant to Nicolò Castellani**
In collaboration with Mark Schram Christensen, University of Copenhagen, Denmark
- 2018-19 IBRO InEurope Short Stay Grant Program to Valentina Bruno**
In collaboration with Mark Schram Christensen, University of Copenhagen, Denmark (funding: € 3,000)
- 2018-19 Erasmus Placement Grant to Marta Fantoni**
In collaboration with Elia Valentini, University of Essex, UK
- 2016-17 European Space Agency (ESA), FLY Your Thesis!2017 to Valentina Bruno and Pietro Sarasso, in collaboration with Prof. Marco Neppi Modona**
Project entitled "The role of gravitational input in shaping the sensation of bodily ownership" (funding: € 7,686)
- 2013-2014 Erasmus Placement Grant to Angela Mastropasqua**
In collaboration with Gareon Fink, University of Cologne, Germany
- 2012-2015 San Paolo Foundation, Strategic Research Grant to Diego Marconi**
Project entitled "The Role Of Visual Imagery In Lexical Processing (RVILP)"

- 2012-2013 Erasmus Placement Grant to Carlotta Fossataro**
In collaboration with Giandomenico Iannetti, UCL, London, UK
- 2010-2012 MIUR-PRIN Grant (prot. 2010ENPRYE_003) to Anna Berti**
Project entitled “Neural basis of body awareness: evidence in normal subjects and in brain-damaged patients
- 2009-2012 Piedmont Region Grant to Pietro Terna**
Project entitled “IIMBEMA”

Infrastructure realization grants

- As coordinator:**
- 2020-2021 coordinator for “Human Social Science and Humanities (HSSH) With & For Industry 4.0”, project for the realization of new research infrastructure at the University of Turin**
funded by Regione Piemonte (Infra-P grant) – 2,800,000 €

AWARDS & HONORS

- 2023 Woman researcher of the month**
Re-UNITA Research Newsletter, #16 June 2023
- 2022 Premio SIPF (Italian Society of the Psychophysiology and Cognitive Neuroscience)**
Early career award
August cover of the scientific journal Cortex (Volume 153)
“As birds in autumn” by David Ruff. From his exhibition entitled “Seeming confines”, kindly supplied by his widow Susan Fimmel. The image refers to the paper “Seeming confines: Electrophysiological evidence of peripersonal space remapping following tool-use in humans”, Vol 144, pp 133-150 by Ronga, Galigani, Bruno, ... & Garbarini.
- 2014 FENS EJM 2014 Best Video Award**
Video entitled “E+ Patients: brain-damaged patient with pathological embodiment of alien body parts”
<http://www.ejnnews.org/news/fens-ejm-2014-video-contest-winners-announced>
- 2013 Premio SIPF (Italian Society of the Psychophysiology)**
Best Scientific Contribution

DIDACTIC ACTIVITY

Teaching in Bachelor and Master’s degree courses:

- 2022- Psicologia fisiologica / Physiological Psychology (PSI0369)**
Bachelor’s degree in Psychology, University of Turin, Turin, Italy
- 2022- Psychological neurosciences (NEU0273D)**
Master’s degree in Biotechnology for neuroscience, University of Turin, Italy
- 2019- Neuropsicologia dell’azione / Neuropsychology of action (PSI0950)**
Master’s degree in Psychology, University of Turin, Turin, Italy
- 2019- Registrazione ed analisi di segnali psicofisiologici / Recording and analysis of psychophysiological signals (PSI0946)**
Master’s degree in Psychology, University of Turin, Turin, Italy
- 2016- Normalità e patologia della rappresentazione corporea / Body representation in normal and pathological condition (PSI0615)**
Master’s degree in Psychology, University of Turin, Turin, Italy
- 2016-2017 Interazione sociale / Social interaction**
Master’s degree in Psychology, University of Turin, Turin, Italy
- 2016-2022 La ricerca su pazienti cerebrolesi in neuropsicologia sperimentale – Lab / The research with brain-damaged patients in experimental neuropsychology - Lab (PSI0601)**
Master’s degree in Psychology, University of Turin, Turin, Italy
- 2016-2020 Esercitazioni di analisi dei dati – Lab / Data Analysis Laboratory - Lab (PSI0399)**
Master’s degree in Psychology, University of Turin, Turin, Italy
- 2012-2016 Teaching experience in Academic Courses: Cognitive Neuroscience, Neuropsychology, Developmental Neuropsychology, Methods in Cognitive Neuroscience.**
Department of Psychology, University of Turin, Turin, Italy

Teaching in PhD courses:

- 2017- Introduction to Neuropsychology**
PhD course in Cognitive, Computational and Social Neurosciences, IMT School for Advanced Studies, Lucca, Italy

Teaching in Postgraduate schools:

- 2020- Neuropsicologia della coscienza/Neuropsychology of consciousness**
Postgraduate school in "Psychophysiology and cognitive neuroscience", LUMSA University, Rome, Italy
- 2018- Neuropsicologia/Neuropsychology**
Postgraduate school in "Psychophysiology and cognitive neuroscience", LUMSA University, Rome, Italy
- 2017- Neuropsicologia della coscienza/Neuropsychology of consciousness**
Postgraduate school in "Neuropsychology", Psychology Department, University of Turin, Turin, Italy
- 2015- Neuropsicologia/Neuropsychology**
Sagara Postgraduate School in Psychotherapy, Lari, Pisa, Italy
- 2015- Metodologia della ricerca/Research methodology**
Sagara Postgraduate School in Psychotherapy, Lari, Pisa, Italy

Tutoring activity:

- 2017- Member of the "collegio docenti" of the PhD in Neuroscience**
University of Turin, Turin, Italy
- 2016- Supervising of more than 70 master's degree experimental theses**
Department of Psychology, University of Turin, Turin, Italy
- 2016- Tutoring of Post-Doc Research Fellows**
Department of Psychology, University of Turin, Turin, Italy (Carlotta Fossataro, Guglielmo Puglisi, Irene Ronga, Valentina Bruno)
- 2016- Tutoring Research Fellows**
Department of Psychology, University of Turin, Turin, Italy (Bruno Loiacono, Antonino Errante, Carlotta Fossataro, Karol Poles, Nicoletta Scanferlato, Stefano Gualtieri, Francesca Genovese)
- 2015- Tutor of PhD students in Neuroscience**
Doctoral School in Life and Health Sciences, University of Turin, Italy (Valentina Bruno, Mattia Galigani, Alice Rossi Sebastiano, Karol Poles, Nicoletta Scanferlato)
- 2015- Member of the "collegio docenti" of the master degree course "Scienze del corpo e della mente"**
University of Turin, Turin, Italy
- 2006- Member of the exam commissions of the Psychobiology sector (MPSI/02)**
Co-tutoring of more than 50 experimental theses
Department of Psychology, University of Turin; Turin Politecnico, Italy

Co-tutoring activity:

- 2020- Co-tutor of Marcella Romeo, with Emiliano Ricciardi**
IMT School for Advanced Studies, Lucca, Italy
- 2019-2020 Co-tutor of Nicolò Catellani, with Mark Schram Christensen**
University of Copenhagen, Denmark
- 2018-2019 Co-tutor of Valentina Bruno, with Mark Schram Christensen**
University of Copenhagen, Denmark
- 2018-2019 Co-tutor of Marta Fantoni, with Elia Valentini**
University of Essex, UK
- 2015-2016 Co-tutor of Angela Mastropaqua, with Gareon Fink**
University of Cologne, Germany
- 2012-2013 Co-tutor of Carlotta Fossataro, with Giandomenico Iannetti**
UCL, London, UK

INSTITUTIONAL ACTIVITY

- 2021- Vice-coordinator of the PhD in Neuroscience**
University of Turin
Member of the research committee of the Department of Psychology
University of Turin
- 2020-21 Person in charge of the "privacy" at the Department of Psychology**

- University of Turin
2020 Member of the didactic committee of the PhD in Neuroscience
 University of Turin
Coordinator of the strategic University project for the realization of the research infrastructure HSSH
 University of Turin
Member of the scientific committee and of the management committee of the DISH project (Digital Scholarship for Humanities)
 University of Turin
Member of the working group “Spazio Alla Ricerca”
 University of Turin
- 2018 Member of the exam commissions, PhD Course in Cognitive, Computational and Social Neurosciences**
 IMT School for Advanced Studies Lucca
- 2017 Member of the intermediate evaluation of research activity of the PhD in Neuroscience**
 University of Turin
- 2016 Member of the exam commissions, Scuola di Studi Superiori Ferdinando Rossi**
 University of Torino
- 2009 Member of the exam commissions at the master’s degree in “Mind and Body Science”, Psychology Department**
 University of Torino
Member of the theses commissions, Psychology Department
 University of Torino

EDITORIAL ACTIVITIES

Editorial Board Member

Scientific Reports

Guest associate editor

Frontiers in Human Neuroscience (Sensory Neuroscience, Human Neuroscience Archive)

Review editor

Frontiers in Psychology (Consciousness Research), Frontiers in Human Neuroscience (Sensory Neuroscience, Human Neuroscience Archive)

Ad hoc Referee for peer-reviewed journals

Neuropsychologia; Cortex; Journal of Neurology, Neurosurgery & Psychiatry; PlosOne; Neuro Case; Frontiers in Human Neuroscience; Experimental Brain Research; Consciousness and Cognition; Cognitive, Affective and Behavioral Neuroscience; Scientific Reports; Current Biology; Perception; Brain Stimulation; Cognition; Archives Italienne de Biologie; Biological Psychiatry; European Journal of Neuroscience; Brain Topography; Nature Communication; Cerebral Cortex; Proceedings of the National Academy of Science.

Commissions of trust for grant proposals

European Union: ERC Starting Grant, ERC Synergy Grant; Swiss National Science Foundation (SNSF); Wellcome Trust: Senior Research Fellowship; French National Research Agency (ANR); Dutch Research Council (NWO): NWO Talent Programme.

MEMBERSHIP IN SCIENTIFIC SOCIETIES

- 2019- Society for Neuroscience (SFN)**
2018- Cognitive Neuroscience Society (CNS)
2017-21 Member of the management committee of the Italian Psychophysiological Society and Cognitive Neuroscience (Società Italiana PsicoFisiologia e Neuroscienze Cognitive; SIPF)
2015- Federation of the European Societies of Neuropsychology (FESN)
2015- Italian Psychological Association (Associazione Italiana Psicologia; AIP)
2013- Italian Psychophysiological Society (Società Italiana PsicoFisiologia; SIPF)
2012- Italian Neuropsychological Society (Società Italiana NeuroPsicologia; SINP)

RESEARCH AREAS

Cognitive Neuroscience – Neuropsychology – Neurophysiology

Neuropsychological and Neurological disorders; Motor intention and awareness; Bodily ownership; Multisensory integration; Functional Magnetic Resonance (fMRI); Non-Invasive Brain Stimulation (TMS; tDCS); Neurophysiological techniques (SCR; EMG; EEG)

Field of interest is represented as a 'word cloud' generated on the frequencies in the main text of F.G. publications

National links

Prof. Lorenzo Bello (Neurosurgical Oncology, IRCCS Istituto Clinico Humanitas, University of Milan, Italy), Dr. Gabriella Cerri (Department of Medical Biotechnology and Translational Medicine, University of Milan, Italy), Dr. Luca Fonia (Department of Medical Biotechnology and Translational Medicine, University of Milan, Italy), Prof. Francesca Frassinetti (Department of Psychology, University of Bologna, Italy), Prof. Angelo Maravita (Department of Psychology, University of Milan-Bicocca, Italy), Prof. Nadia Bolognini (Department of Psychology, University of Milan-Bicocca, Italy), Dr. Daniele Romano (Department of Psychology, University of Milan-Bicocca, Italy), Prof. Marco Bove (Department of Experimental Medicine, University of Genova, Italy), Dr. Patrizia Gindri (Neuropsychology Unit, San Camillo Hospital, Turin, Italy), Dr. Federico Cossa (Division of Neuromotor Rehabilitation, Fondazione Salvatore Maugeri, Turin, Italy), Dr. Sergio Duca (Neuroradiology Unit, Koelliker Hospital, Turin, Italy), Dr. Marco Rabuffetti (Bioengineering Center, Don Carlo Gnocchi IRCCS, Milan, Italy), Dr. Maurizio Ferrarin (Bioengineering Center, Don Carlo Gnocchi IRCCS, Milan, Italy), Dr. Luca Turella (Center for Mind/Brain Sciences, University of Trento, Italy), Prof. Paola Borroni (Department of Health Sciences, University of Milan Medical School, Italy), Dr. Francesco della Gatta (Department of Health Sciences, University of Milan Medical School, Italy), Prof. Corrado Senigaglia (Department of Philosophy, University of Milan, Italy), Massimiliano Conson (Department of Psychology, University of Napoli, Italy), Prof. Emiliano Ricciardi (IMT School for Advanced Studies Lucca, Italy), Dr. Davide Bottari (IMT School for Advanced Studies Lucca, Italy).

International links

Graham (Department of Medical Biophysics, University of Toronto, Canada), Prof. Jon Driver, passed away, (Wellcome Centre for Neuroimaging at University College of London, UK), Prof. Mark Schram Christensen (Department of Psychology, University of Copenhagen, Denmark), Dr. Elia Valentini (University of Essex, UK), Prof. Bettina Foster (City, University of London, UK), Prof. Andrea Serino (EPFL, Lausanne, Switzerland), Prof. Michela Bassolino (EPFL, Lausanne, Switzerland), Prof. Alessandro Farnè (CRNL, Lyon, France), Prof. Chris Dijkerman (Utrecht University, the Netherlands), Dr. Maria Laura Filippetti (University of Essex, UK).

RELEVANT SKILLS

Computer Science: Operating systems: Dos, Windows e Macintosh; Application software: Office, Photoshop, Endnote; Experimental software: E-Prime, Presentation, MatLab; Morphological and functional neuroimaging software: BrainVoyager QX, SPM, MRICron; Statistical software: Statistica, SPSS.

Others: Neuropsychological experimental design and data analysis; Neuroimaging (fMRI) experimental design and data analysis; Psychophysiological techniques (SCR, EMG, EEG); Morphological and functional neuroimaging techniques (MRI, fMRI, TMS, rTMS, tDCS; Clinical neuropsychological diagnosis; Social skills in team working.

LANGUAGES

Italian (mother tongue)

English (understanding: C2 – speaking: C1 – writing: C1)

French (understanding: B2 – speaking: B1– writing: A1)

ORGANIZATION OF SCIENTIFIC EVENTS

Scientific meetings organization

- 2022** Co-President of the Local Organizing Committee of the 4th Edition of the Body Representation Network (BRNET) “The pathological body: the perception and the experience of the body in diseases”, Sion, Switzerland, September 9.
- 2018** President of the XXVI Annual Meeting of the Italian Society of Psychophysiology and Cognitive Neuroscience (SIPF), edition 2018 in Turin, Italy, November 15-17.
- 2018** Member of the Local Organizing Committee of the 19th World Congress of Psychophysiology, Lucca, Italy, September 4-8.
- 2018** Member of the Scientific Committee of MeToo conference, Turin, Italy, May 25-27.

Symposia organization

- 2023** **Garbarini F** and Bolognini N “In memory of Francesca Frassinetti: space, time, body in her research”, XXXI Annual meeting of the Italian Society of Psychophysiology and Cognitive Neuroscience, Siena, Italy November 9-11.
- 2019** **Garbarini F** and Dijkerman C “The body in the brain”, 7th scientific meeting of the Federation of the European Societies of Neuropsychology (FESN), Milan, Italy September 5.
- 2018** **Garbarini F** and Romano D “Representing the body in the plastic brain: insights from neurophysiological, developmental and clinical approaches”, XXVI Annual meeting of the Italian Society of Psychophysiology and Cognitive Neuroscience, Turin, Italy, November 16.
- 2018** **Garbarini F** “The Body in the brain” (Symposium), MeToo conference, Turin, Italy, May 25-27.
- 2017** **Garbarini F** and Ronchi R, “My body is in pain! Exploring the interaction between pain processing and body representation”, 6th Scientific Conference of the Federation of the European Societies of Neuropsychology (FESN) in Maastricht, the Netherlands, September 13.
- 2016** **Garbarini F** and Bolognini N. “The body in action”, V Annual meeting of the Italian Society on Neuropsychology, Milan, Italy, December 3.
- 2015** **Garbarini F** and Bolognini N. “The boundaries between self and others tactile sensations”, XXIII Annual meeting of the Italian Society of Psychophysiology, Lucca, Italy, November 20.

TALKS

Invited talks

- Garbarini F.** (2023). Body-self visual recognition: a shared journey from patients to infants (with love) in “Symposium in memory of Francesca Frassinetti”. Invited by dr. Alejandro Galvez-Pol, dr. Laura Crucianelli and dr. Ana Tajadura-Jiménez. Body Representation Network (BRNet) 5 - 2023 Conference, Mallorca, Spain, September the 15th.
- Garbarini F.** (2022). Primitive coding of the bodily-self boundaries in prenatal and postnatal life. Invited by prof. Maria Laura Filippetti. International Congress of Infant Studies, Ottawa, Canada, July.
- Garbarini F.** (2021). Somatosensory biomarkers of the bodily self. Invited by prof. Vittorio Gallese and dr. Francesca Ferroni and dr. Martina Ardizzi. The Sense of Touch, online meeting, September the 30th.
- Garbarini F.** (2020). New evidence on Asomatoagnosia and body ownership. Invited by prof. Valentina Moro and prof. Paul Jenkinson. IX Annual Congress of The Italian Society of Neuropsychology, online meeting, November the 20th.
- Garbarini F.** (2019). The self-other body boundaries in normal and pathological brain. Invited by prof. Andrea Serino. Lausanne university, June the 27th
- Garbarini F.** (2019). The sense of body ownership in normal and pathological brain. Invited by prof Alessandro Farné. Neuroscience Research Centre of Lyon, June 13th.
- Garbarini F.** (2018). You or me? The self-other body boundaries in normal and pathological brain. Invited by prof. Giovanni Di Pino. Università Campus Biomedico, Roma, Italy, November the 21st.
- Garbarini F.** (2017). Pathological embodiment after brain damages: behavioral and physiological evidence. Invited by P. Vuilleumier, Département des Neurosciences fondamentales, Genève, Switzerland, May the 22nd.
- Garbarini F.** (2016). Alterazioni patologiche della consapevolezza motoria e corporea: evidenze sperimentali in pazienti cerebrolesi. Invited by prof. Francesca Frassinetti, Università di Bologna (Italy), May the 21th.
- Garbarini F.** (2015). Self-awareness impairment: motor and somatosensory evidence from brain-damaged patients. Invited by prof. Joachim Hermsdörfer, Colloquium on Sensorimotor Control, Munich, Germany, December the 17th.
- Garbarini F.** (2015) From pathological embodiment to a model for bodily awareness. Invited by Frederique de Vignemont and Adrian Alsmith, The Body and the Self revised Symposium, Copenhagen, Denmark, December the 10th-11th.
- Garbarini F.** (2014) Alterazioni della consapevolezza motoria e corporea in pazienti cerebrolesi: evidenze comportamentali e fisiologiche. Invited by prof. Paola Borroni, University of Milano-Statale, Milano, Italy, November the 4th.
- Garbarini F.** (2014) Anosognosia in neglect and in hemiplegia. Invited by prof. Georg Kerkhoff, 3rd Symposium on Behavioral Neurology Lucerne: Neglect and Neglect Rehabilitation, Luzerner Kantonsspital, Lucerne, Switzerland, March the 29th.
- Garbarini F.** (2014) Body awareness alterations in brain-damaged patients. Invited by prof. Angelo Maravita, University of Milano-Bicocca, Milano, Italy, February the 28th.
- Garbarini F.** (2013) Motor and Bodily awareness disorders: evidence from anosognosia for hemiplegia and from pathological embodiment. Invited by prof. Giacomo Rizzolatti, Vita-Salute San Raffaele University, Milano, Italy, May the 21st.

Talks at scientific meetings

- Garbarini F.** (2023). Il riconoscimento del sé corporeo: dallo studio dei pazienti cerebrolesi al mondo dello sviluppo in “Symposium in memory of Francesca Frassinetti”. Italian Society of Neuropsychology (SINP) Spring Meeting, Bologna, Italy, May the 12th.
- Garbarini F.** (2022). Motor and bodily awareness at the intersection of neuropsychology and psychophysiology. XXX Annual Meeting of the Italian Society on Psychophysiology and Cognitive Neuroscience, Udine, Italy, September the 16th. *Talk for premio SIPP.*
- Garbarini F.** (2020). Somatosensory biomarkers of the bodily self, in “The different senses of the body: approaches of psychophysiology and cognitive neurosciences”. XXVI Annual Meeting of the Italian Association of Psychology, online meeting, September the 4th.
- Garbarini F.** (2019). Disentangling motor imagery and motor execution in normal and pathological conditions, in “Motor imagery”, Experimental Psychology Society (<https://eps.ac.uk/>), Manchester, UK, April the 11th.
- Garbarini F.** (2019). The self-other body boundaries in normal and pathological brain, in “The body in the brain”, 7th scientific meeting of the Federation of the European Societies of Neuropsychology (FESN), Milan, Italy, September the 5th.

- Garbarini F.** (2017). Feeling pain on the other's body after brain damages, in "My body is in pain! Exploring the interaction between pain processing and body representation", 6th Scientific Conference of the Federation of the European Societies of Neuropsychology (FESN), Maastricht, the Netherlands, September the 13th.
- Garbarini F.** (2015) Feeling sensations on the other's body after brain damages, in "The boundaries between self and others tactile sensations", XXIII Annual Meeting of the Italian Society on Psychophysiology, Lucca, Italy, November the 20th.
- Garbarini F.** (2015) Bimanual coupling: an effective tool to investigate the sense of ownership and agency in pathological conditions, in "My body + my movement is = me? Body ownership, agency and the bodily self", 5th Conference of the Federation of the European Societies of Neuropsychology (FESN), Tampere, Finland, September the 9th.
- Garbarini F.** (2014). Immaginare ed eseguire movimenti complessi: accoppiamento bimanuale in soggetti normali e in pazienti cerebrolesi, in "Immaginare il movimento del proprio corpo", Italian Society of Neuropsychology (SINP) annual meeting, Napoli, Italy, October the 23rd.
- Garbarini F.** (2014). Phantom learning: intermanual transfer of sequence learning in an amputee with phantom limb. At the Italian Society of Psychophysiology (SIPF) annual meeting, Firenze (Italy), November the 27th.
- Garbarini F.** (2014). Overestimation of forearm length in brain-damaged patients following pathological embodiment of an alien arm performing finalized actions with a tool. At the 32th European Workshop on Cognitive Neuropsychology. Brixen (Italy), January the 30th.
- Garbarini F.** (2013). Dynamic causal modeling of cortical activity during execution or imagination of movements with a paralyzed limb. At the Italian Society of Psychophysiology (SIPF) annual meeting, Lecce (Italy), October the 25th.
- Garbarini F.** (2013). Overestimation of forearm length in a brain-damaged patient following pathological embodiment of an alien arm performing finalized actions with a tool. At the Italian Society of Neuropsychology (SINP), Milano, November the 15th.
- Garbarini F.** (2012). Your hand is my hand! Bimanual coupling effect in a somatoparaphrenic patient. At the 30th European Workshop on Cognitive Neuropsychology. Brixen, January the 26th.
- Garbarini F.** (2012). Bimanual coupling effect in somatoparaphrenic patients. At the spring meeting of the Italian Society of Neuropsychology (SINP), Bologna, May the 5th.
- Garbarini F.** (2012). Body awareness impairment: experimental findings on pathological embodiment of other people's body parts, in "The bodily self: neuropsychological patterns of defective awareness and sensation", Italian Society of Neuropsychology (SINP) autumn meeting, Santa Lucia Hospital, Roma, Italy, November the 10th.
- Garbarini F.** (2011). Anatomic-functional dissociation between bimanual symmetric and bimanual asymmetric movements: evidence from motor neglect. At the 9th European Workshop on Cognitive Neuropsychology. Brixen, January the 24th.

OTHER WORKING EXPERIENCES

- 2004-2005** **Scientific editor**
L'Indice dei libri del mese, Via Madama Cristina, 16, Turin (IT)
- 2006-2010** **Scientific editor**
Bollati Boringhieri Editore, Corso Vittorio Emanuele II, 86, Turin (IT)

PUBLICATIONS

Indices of impact and Productivity

Published papers in international peer-reviews journals: 81

Books: 1

Book chapters: 6

H-index = 29 (Google Scholar); 25 (Scopus)

i10-index = 66

Citations: 2492 (Google Scholar); 1769 (Scopus)

Fields: neuroscience and psychology.

Authorship position: in 52/81 (64%) of my papers I am either first, co-first, last or co-last author.
